DETAILED ACTION

1. This is in reply to the decision made by the Board of Patent Appeals and Interferences

(BPAI) reversing examiner's rejection on December 17, 2007.

2. As the result of the Board decision claims 1-36 are allowed. However a final review of

the claims revealed that on page 24, lines 21-page 25, line 9, of the applicant's

specification the "computer readable medium" which is recited in claims 24-36 found

to include a "computer readable storage device" and "signals". Though the "computer

readable storage device" is defined to be statutory in the specification cited above, In

the same specification cited above, the "computer readable signals" are defined to

include subject matters that are found to be non-statutoy.

In order to correct this, examiner and Applicant's representative made a telephone

interview and agreed to replace the term "computer readable storage medium" with

"computer readable strorage device" in the claims 24-36.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or

additions be unacceptable to applicant, an amendment may be filed as provided by 37

CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no

later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview

with Ashok K. Mannava (Registration. # 45,301) on 01/15/2008.
